ARRIVAL AND DEPARTURE TRANSFER

As reported in each programs in this catalog, transfers from the airport or station to the hotel at the beginning and also from the hotel to the airport or station at the end of the circuit are included.

In those cases in which it is expressly mentioned that the arrival or departure transfer was not included in the price of the tour, the possibility of requesting the service will always be offered by means of a small supplement in the price.

In those cases in which additional nights are requested, be they pre or post tour, the departure or arrival transfer will also be included without additional charge in most of the programs, provided that the additional nights have been reserved and included in your program of travel.

In arrival transfers, a waiting time of one hour is established from the arrival of the flight or train to meet the passengers. If the arrival or departure from Europe is done through an airport other than the usual ones and planned in the circuits, it will be necessary to pay a supplement for transfer, because the airport is at a distance from the city greater than expected.

Such a circumstance occurs for example at Gatwick or Luton airport in London, Ciampino in Rome, or Treviso in Venice.

TRANSPORTATION BY COACH

Thinking of your comfort, we put at your disposal a modern fleet of luxury coaches with air conditioning, panoramic windows, reclining seats, equipped with the latest technology in free Wi-Fi for you, and driven by expert drivers, very knowledgeable about the routes, that go through our programs complying at all times with the regulations of the European Union.

The trunk of the bus has enough space to transport one suitcase per person, and for this reason the transport of one suitcase per passenger is guaranteed.

If it were the case that the trunk, because it was complete, did not have the capacity to locate extra suitcases that a passenger could carry, the guide can request that the extra luggage be sent to the point that the passenger decides at his own expense.

HOTELS

Our hotels are carefully chosen and selected according to their location in the cities and also taking into account good communication with the urban center.

As indicated in each itinerary, hotels are preferably 4* category.

The rooms are **basically** doubles, two beds or a double bed and have a private bathroom / shower. In those cases in which a room is requested to be occupied by 3 people and as long as the request has been confirmed, the room will have an additional bed for the third person.

According to the hotel regulations, the time of entry into the rooms on the day of arrival is 2:00 p.m. and the time of departure is 12:00 p.m. If, due to flights, passengers arrive before these times and want to have their rooms, we recommend that an additional night be requested with the consequent supplement.

ADDITIONAL NIGHTS

If you wish to advance or extend your stay before or after a circuit, we give you the option of requesting additional nights up to a maximum of 2 nights before or after the scheduled start or end dates of the circuit.

In this catalog we indicate the best price for these additional nights in the cities most frequently required. If the city you requested is not in this relationship, do not hesitate to ask your Travel Agency for the information.

PANORAMIC VISITS

In those cities in which it is indicated, panoramic visits will be included, these visits that do not include entrances to the monuments, will serve as an introduction and first contact with the city, subsequently being able to continue on their own in the knowledge of the different corners or the museums and monuments of the same.

For your convenience, all panoramic visits will end in the center of each city.

IMMEDIATE CONFIRMATION

Thanks to our innovative technology, your Travel Agency, through our online reservation system, will be able to confirm and issue your documentation.

No unforeseen events, no hassles or waiting for you.

ACCOMPANYING GUIDES AND LOCAL GUIDES

All our accompanying guides are great connoisseurs of the European routes through which our itineraries pass and have been rigorously selected. They are an important part in the success of the trip and your total satisfaction, and they are trained to help you at all times by solving your doubts or needs. In the main cities where guided tours are included, we have local guides with an official title from each city to describe the history, monuments and particularities of each destination.

ITINERARY

Day 1: (Friday): ROME

Arrival at the local airport, transfer and accommodation at the selected hotel. For the evening we recommend an optional by night city sightseeing tour including some of the most important monuments and illuminated Piazzas of this beautiful city. Rome is the capital city and the most populous metropolitan city in Italy. Rome is located in the central-western portion of the Italian Peninsula, along the shores of the Tiber. Vatican City (the smallest country in the world) is an independent country inside the city boundaries of Rome, the only existing example of a country within a city; for this reason Rome has sometimes been defined as the capital of two states. Rome was first called The Eternal City by the Roman poet Tibullus in the 1st century BC, and the expression was also taken up by Ovid, Virgil, and Livy. It is also called "Caput Mundi" (Capital of the World). After the fall of the Empire in the west, which marked the beginning of the Middle Ages, Rome slowly fell under the political control of the Papacy, and in the 8th century it became the capital of the Papal States, which lasted until 1870. Overnight.

Day 2: (Saturday): ROME

Buffet breakfast at the hotel. In the morning we will enjoy a panoramic tour of the city to discover some of its more outstanding monuments: Colosseum, Circus Maximus, Imperial Forums, Tiber Island, St. Angelo's Castle, St. Peter's Basilica and its Holy Door. Next we will have the possibility to do an optional visit of the Vatican Museums and the wonderful Sistine Chapel by Michelangelo. Free afternoon for personal activities or an optional visit inside the Colosseum or the Moses by Michelangelo. Overnight at the hotel.

Day 3: (Sunday): ROME

Buffet breakfast at the hotel. In the morning we will attend the Papal blessing in St. Peter's Square. Free time in Vatican Area for personal activities including climbing its incomparable Dome or an optional tour inside the Basilica to discover all its chapels as well as its impressive Baldachin by Bernini. Overnight at the hotel.

Day 4: (Monday): ROME

Buffet breakfast at the hotel. Transfer to the local airport in time for the departure of our flight.

Seoul - Seoul:

GUARANTEED DEPARTURE DATES: EVERYDAY

ITINERARY

Day 1 - SEOUL

Arrival in Seoul, the Capital of South Korea. Private transfer to the hotel.

Today Seoul is considered a global city, the result of an explosion of economic growth known as the Miracle of the Han River.

The growth transformed the ashes produced by the bombings of the Korean War in the fourth metropolitan economy of the world with a GDP of 773.9 billion dollars, only behind Tokyo, New York and Los Angeles. With about 10 million inhabitants in the city and 24.5 million throughout the metropolitan area, which includes the Incheon port and Gyeonggi province, it is the second largest metropolitan area in the world, after Tokyo, and the fifth largest city after Tokyo, Mexico City, New York and Bombay. In 2012, the United Nations ranked Seoul's quality of life higher than cities like New York, London or Melbourne, and below Tokyo or Paris. Overnight.

Day 2 - SEOUL

Buffet breakfast. We start our visit to this wonder of East Asia. We view the Gwanghwamun - the main entrance of the Gyeongbokgung Palace - raised in 1935 by Traejo, the first Emperor of Joseon Dynasty. Gyeongbokgung was built three years after the Joseon dynasty was founded and it served as its main palace. In the early 20th century, much of the palace was systematically destroyed by Imperial Japan. Since the 1990s, the walled palace complex is gradually being restored to its original form.

We continue with the Deoksugung Palace, famous for its elegant path with stonewall. This is the only one that stands next to modern constructions, which adds uniqueness to the landscape. The palace Changdeokgung preserves the architectural style of the Joseon Dynasty. The back garden, Huwon, used by the monarch as a resting place has 300-year-old trees, a pond and a pavilion that fits harmoniously with the nature surrounding it. We end with a visit to the famous Seoul Tower, also known as the best tower of Asia: after its remodeling in 2005 it now wears a magnificent new look. Overnight.

Day 3 - SEOUL

Buffet breakfast. Free day to discover the city on your own or take an optional excursion. Seoul is home to 115 museums, including four national and nine official municipal museums. Seoul also has a large quantity of parks. One of the most famous parks is Namsan Park, which offers recreational hiking and views of the downtown Seoul skyline. There's so much to discover.

The palace Changdeokgung preserves the architectural style of the Joseon Dynasty. The back garden, Huwon, used by the monarch as a resting place has 300-year-old trees, a pond and a pavilion that fits harmoniously with the nature surrounding it. We end with a visit to the famous Seoul Tower, also known as the best tower of Asia: after its remodeling in 2005 it now wears a magnificent new look. Overnight.

In April, when the cherry trees are in bloom, it is one of the most beautiful of Busan. About 40 steps away we find a staircase and its surroundings which have been restored to cope with the dramatic conditions of the Korean War refugees during the 1960s. Today it has become an important point of cultural interest and the location of many Korean movies and TV series. We visit the Yongdun

Park, located on the hill above Nampo dong and featuring the statue in memory of the victims of the War of Korea, its Buddhist temple, its flower clock and the Tower of Busan from where we enjoy a breathtaking view of the city. Our visit continues with the Gamcheon Cultural Village. During the Korean War this area was built to accommodate refugees, later it was restored and its streets and stairs are today full of colorful houses, art galleries, areas reserved for children and cafes: for this reason it was declared "cultural village" by the Ministry of Culture of the Republic of Korea.
